## Courses offered by BridgeTEFL Authorized Training Centers:

### Bridge IDELT™ (International Diploma in English Language Teaching) 140-Hour Onsite Course

The Bridge IDELT™ is an intensive four-week, 140-hour course that prepares trainees to teach English anywhere in the world. Program graduates will finish the course with a better understanding of the English language, practical experience with a variety of teaching techniques, and confidence in the classroom.

The IDELT™ includes teaching practice with real language learners, classroom observation of experienced teachers, and several written assignments. This comprehensive course is designed for candidates with no previous English teaching experience, but is also suitable for those who have some experience but no formal training in the TEFL field.

The Bridge IDELT™ is accredited by PONSİ, the National Program for Noncollegiate Sponsored Instruction, and is recommended for six graduate-level credits.

### Bridge IDELT™ - NNS (Non-Native Speakers) 140-Hour Onsite Course

The IDELT™ - NNS is identical to the IDELT™ in every way. The only difference is that the course is open to trainees who are not native speakers of English or native-like in their proficiency level. It is still expected that trainees have a sufficient level of proficiency to follow the course with no problems. This course covers the same material, is presented in the same format, and carries the same prestige as the IDELT™.

The Bridge IDELT™ - NNS is accredited by PONSİ, the National Program for Noncollegiate Sponsored Instruction, and is recommended for six graduate-level credits.

### Bridge IDELT™ - BL (Blended Learning) 140-Hour Onsite/Online Course

The IDELT™ - BL is a hybrid course that combines the best of both worlds—the convenience and ease of online learning with the practical, hands-on experience of the classroom-based IDELT™. The content covered in the IDELT™ - BL is equivalent to the content covered in the 4-week IDELT™.

IDELT™ - BL trainees take our internationally acclaimed TEFL Online course, followed by two weeks of rigorous in-class training in centers worldwide. The online portion of the course is intended to give trainees a head start so that they may successfully complete the onsite portion of the course in just two weeks.

The Bridge IDELT™ - BL is accredited by PONSİ, the National Program for Noncollegiate Sponsored Instruction, and is recommended for three graduate level credits.
